MEETING KINGS MOUNTAIN STUDENT CONFERENCE.

Washington, D. C., April 29, 1919.

The seventh annual session of the Kings Mountain Student Conference will convene this year at King's Mountain, N. C., June 6-16. Delegates are invited from over a hundred and fifteen colored schools and colleges. Great interest in the conference is being manifested from all parts of the country. The struggles of the Negro—economic and political—have given a great impetus to all moral and religious movements of the race in America. Many delegates and speakers just from war service in this country and overseas will bring much inspiration to the conference. In spiritual vision and numbers the conference will in all probability be the largest colored men's student gathering ever held in the United States. The conference is being promoted by the Colored Men's Department of the International Committee of Young Men's Christian Associations.

FACTS AND FANCIES ABOUT THE PHILIPPINES.

(By Maximino M. Kalaw, Secretary of the Philippine Mission.)

Washington, May 4.—A certain lady at the St. Louis Exposition saw at a ball room a brown complexioned man clad in faultless evening dress, and accosted him with the inquiry: "I suppose you are Japanese, sir?" The man addressed replied, "No, madam." "Then you must be Chinese," she said. "No, I am not; I am a Filipino," he replied. "How's that?" asked the lady. "I thought they were all savages living in the woods." "Well, I'll tell you how I came here," he said. "A month before I left the

Philippines I was living in the woods, but the American governor decided to catch as many wild men as possible, train them, and send them over here. So the American forces were immediately set in motion, we were taken from the woods and kept for a month at the Governor's palace, taught how to dress and speak a little English, and then sent over here. So here I am, just as you see." And the St. Louis lady actually believed him.

That is what you would call fancies about the Philippines. The fact is, however, that the 10,000,000 Filipinos and their ancestors have been civilized and Christians for three hundred years; that the non-Christian population, according to the census of 1918, is only 500,000.

Another fancy is that not until the coming of the Americans were school buildings seen in the islands, roads built, or substantial houses erected. Do you know that for hundreds of years the Filipinos have had colleges and schools, and that the University of Santo Tomas is only twenty-five years older than Harvard? That as early as 1866, out of a population of 4,000,000 people, there were 841 schools for boys and 833 for girls. That in 1892, eight years before the coming of the Americans, there were 2,137 schools?

DO YOU LIKE BETTY & SAM'S CLOTHING?

Mr. G. D. Flynn of Charleston, W. Va., writes: "Please have Betty and Sam take off their Easter Clothes. They do not look natural to me and I would rather that they be dressed in their every day clothing." What do you think about this?
